

## **Priston (A Legend in the West)**

You could sense history abound  
All around the cricket ground  
With the quacking of the ducks  
As they spun round and round  
One lay flat out on the cricket pitch  
A ball against his chest  
Their name is Priston  
And their cricket team's a legend in the west

Now Priston have a hero  
A man of advanced years  
Who in his nineties still played the game  
With gusto, without fears  
Here cricket is Community  
Time to gather once a week  
Followed by The Ring o' Bells  
Refreshment for to seek  
Their name is Priston (Priston)  
And their cricket team's a legend in the west

We found that there were connections  
'Twixt Priston and The Bell  
Both loved to spin cricketing yarns  
Both loved music as well  
There were stories of WG  
Doctor and cricket star  
Who rode his horse to a birth once  
Of the Gran of a Bell player  
Their name is Priston (Priston)  
And their cricket team's a legend in the west

(to be sung to the tune of [Ernie](#))
