Footpaths and Bridleways Report for PPC Meeting 15th May 2017

State of bridleway B20/7 behind cricket pitch.

Further to my report to the last meeting, the plans have been delivered to the landowner and action is awaited from him.

Bridleway BA20/11.

The Public Rights of Way officer is taking up with the landowner the issue of the unsatisfactory surface laid on the bridleway adjacent to Piggeries.

Nothing further to report.

John Whybrow

9th May 2017

YOUNG PERSONS "PLAY AREA"

Following discussion earlier in the year 19 village families with children or grandchildren, age range from 3 to 13, were asked the following questions:

1. Would you support another attempt to create some sort of "play area" for the young people of Priston .
2. What would you consider appropriate for your children (Please list the ages of the children). ie whether a swing/play equipment on a grassy area, areas to kick a ball, ride a bike etc etc.
3. What would the children themselves in your household like (within reason!)
4. Suggestions as to where , ie on public land or does anyone own any land that they would be prepared to have used as a play area?
5. If there is enough support, would you be prepared to join a "working party" to try to make this happen.

In summary the following were received:

11 very positive responses indicating a high level of demand. These respondents were also prepared to join a working party to pursue this further.
2 negative: ie wouldn't use or don't think is appropriate in Priston.
Reminder - no response or no longer applicable, ie children too old.

The responses highlighted the following as highly desirable:

- 1) Informal play area: few bits of apparatus ,could be logs and ropes, basic swings or a "nest swing", basket ball hoop, potentially fenced off with a gate so dog free. This requires land, however does not need to be large.
- 2) Safe area for bike riding: could be provided with severe speed bumps before and after the pub in conjunction with "Quiet Lane" signs
- 3) Area to kick a ball around: One respondent has offered their orchard area, which has football goals, for general use.

The above would not all need to be in the same area could be tackled individually.

Main questions are :

- a) Where: brainstorming required, however if area to kick a ball around is provided (see 3 above) the amount of land required for 1 above , ie small informal play area, could be quite small.
- b) Costs: Precept, lottery application, fundraising. The village hall committee is about to investigate applications for roof improvements and overall hall improvement there could be an opportunity to make a joint application including a sum for play area behind the hall.
