Total				1,569.75		

Reports for PPC Meeting on 12th September 2016

Public Footpaths

The gate giving access to footpath BA4/15 from footpath BA20/16 (adjacent to The Woodlands at the top of Priston Lane) has been padlocked by the landowner, but access is now given by restoration of a stile previously hidden in the undergrowth.

The landowner has agreed to a request from the Public Rights of Way Officer to fill in the dip in the front of the stile near the Owl Barn on footpath BA20/7.

John Whybrow
28th August 2016

Roads and Highways

The drainage improvements outside Pressbarrow Farm have now been completed and now only time will tell if they will be a success.

A team, (I can only presume that were contracted from BANES) have been going round the nearby villages cutting back the verges on the side of the lanes and cleaning it up! (Much better now.) Hopefully Priston will be next!

John Lippiatt
5 September 2016

AED Report

Inspections: All weekly inspections are in order with no current problems. The public telephone is currently operational.

Training: Our regular trainer has been contacted to hold a course on a Wednesday evening in the near future to refresh those villagers whose certificates are out of date and for villagers who wish to have a familiarisation with the use of the AED and CPR. No dates have been yet offered at the time of writing of this report. I hope to have further details to present at Council.

John Wilkinson
AED Administrator
